CHOOSE YOUR CAMP(S):

June 19th June 26th July 10th July 17th July 31st

Our summer camps focus on developing and nurturing music skills in a fun way.

Each week campers will learn music notation, basic music terminology, and music appreciation all through fun games with Professional Music Instructors. They will explore the world of music through real instruments such as **piano, guitar, ukulele, voice, and percussion**. All campers will also participate in learning the latest software in music education with our Music Technology Lab. Our software enable students to compose their own original songs. Learning music skills builds confidence and is most importantly fun for all ages!
